

Sirius Signal SOS eVDS Model C-1003

Legally Never Buy Flares Again!

Complete compliance kit! Fulfills USCG Night, Day, and audible distress signal requirements.

Our new and improved eVDS SOS C-1003 Beacon is redesigned from our Original Alternative to Pyrotechnic Flares, the wildly successful model C-1001 (discontinued).

Powered by a high-performance, programmable microprocessor controlling an SOS flash pattern signal flashed through an even

brighter and more potent LED, our Sirius Signal SOS C-1003 model is both family-safe and easy to use. Our optical design provides an omnidirectional light display for surface rescue craft and a vertical beam visible to aircraft flying overhead. Improved flotation now even higher off the water, is visible up to 10 nautical miles, and the SOS C-1003's beam lasts for hours compared to the minutes-long lifespan of traditional pyrotechnic distress.

Fulfills carriage of all Coast Guard Compliant Visual Distress Signal (VDS) requirements (46 CFR 175.130) for recreational marine vessels 16-feet and over — when combined with our included distress flag and whistle. (A quality marine whistle is included to fulfill USCG audible signal requirements.)

Finally, a family and environmentally safe alternative to the antiquated pyrotechnic visual distress flare!

SPECIFICATIONS:

- Flashes USCG spec SOS signal for up to 60 hours
- Runs four times longer than USCG requirements
- Daytime orange distress flag included to fulfill daytime signal requirement.
- Quality marine whistle included to comply with USCG audible signal requirements
- LED power: 75 candelas
- Switch design: self-cleaning twist-on
- Accidental switch activation protection
- Requires 3-C alkaline batteries — included
- Lanyard included
- CE (European Union compliant) RoHS compliant
- 4.5" x 4.5" x 8.5" (height)
- Weight without batteries: 0.41 lbs
- Weight with batteries: 0.8 lbs
- Shipping weight (with packaging): 1.7 lbs
- SKU: SSDC1003-W, Model #: C-1003 (Replaces Model #: C-1001)
- Patents: SiriusSignal.com/Patents
- Made in the USA. (Complies with "Buy American Act" — may contain imported components.)
